

Enrollment for Spring 2009

We are still accepting applications for Spring 2009. If you recognize the importance of Christian education in your own children's lives, tell other parents about the benefits of a small Christian school. Talk to those around you that you know need to be in a Christian school and have them pick up an application.

We are online!

KHCS has a brand new website, www.KHCSMaui.com! We encourage all of you to go online and sign up to receive email communications on the "Newsletter" page. This will make it easier to send out information and updates to you!

From the Principal

Welcome Back!

As the New Year is upon us, I reflect on the last year and especially this last semester. It is a privilege to be the Principal of this school. I am glad that God has allowed me to be a part of your lives. But I also look to the future. What does God have in store for me and what does he have in store for this school? It is both exciting and a little bit apprehensive to know that God is in control for I know he will stretch me and this school to build us up. I see God's hand at work in our school, shaping it to be what he wants it to be. But what will be the end result? Only God knows.

Also in this time I reflect on any resolutions I can make to help not only myself but the ministry God has called me to. I know that I can pray more. I am comforted slightly with the knowledge of great men of God that pray 5 hours a day say that they need to pray more. However, I am also challenged by this. I know that I can give up myself more for the cause. I can listen more and jump to conclusions less. I can have more faith in the One who holds the world in his hands. I can be more self-disciplined. I can set a better example. I know that God has a purpose for this school and it is my duty to serve him in this capacity. I believe that if we start the New Year out doing what God has called us to do, then he will bless it.
